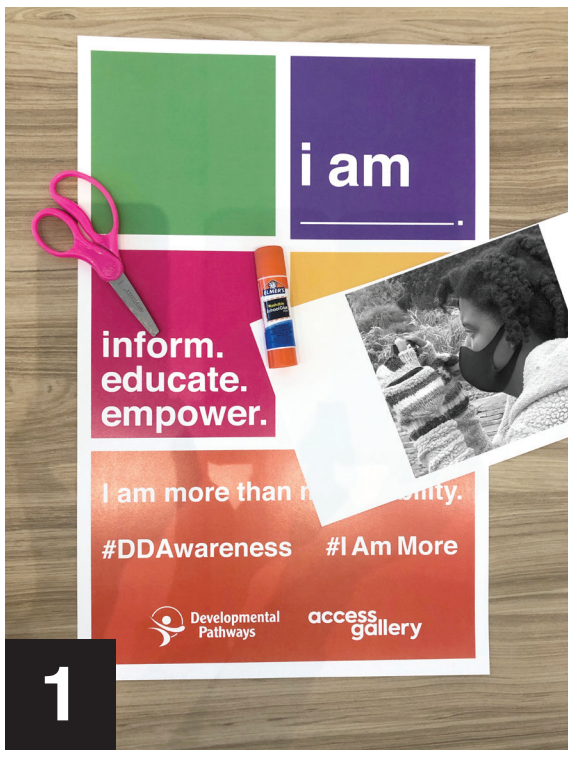
I am _____.

Make your own poster for March, Developmental Disabilities Awareness Month



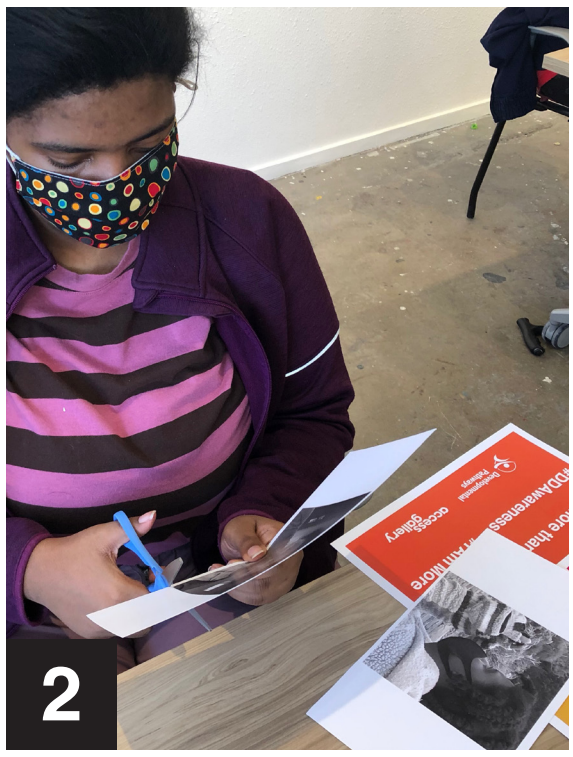
1

Print your poster and a photo of yourself in black and white.

Poster size - 11″ x 17″ - color
Photo of you - 5″ x 5″ - black & white

Search for a FedEx, UPS, or other print services store near you - print on cardstock.

Supplies you will need:
Scissors
Glue
Black permanent marker



2

Cut out your photo

Cut around your face and body. You can use a photo facing the camera or a profile photo of yourself from the shoulders up. We recommend using a black & white photo for maximum contrast with the bright colors of the poster.

Examples of photos:

3

Glue your photo

Glue your photo in the upper left green square, it can stick out above the square.

4

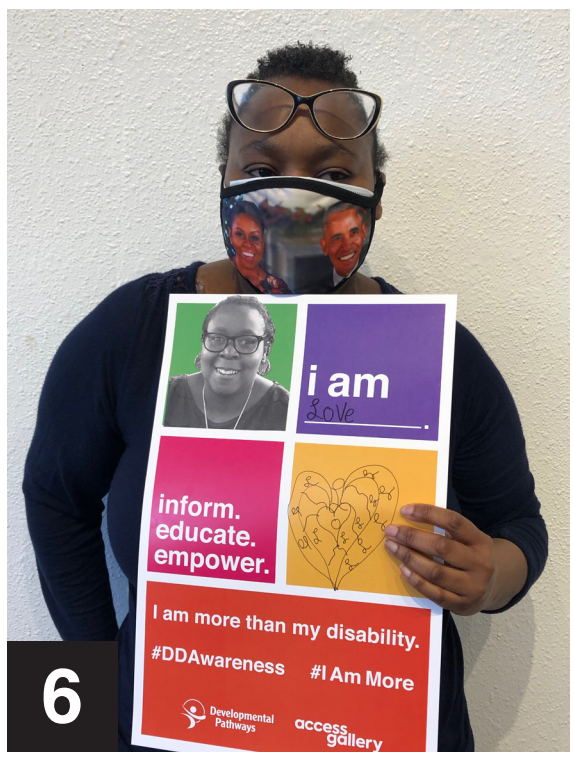
Write your word and draw an icon

Using a black permanent marker write a word that describes you in the upper right purple square and draw an icon or illustration that represents you and your word in the yellow square below the purple square.

5

Take a photo and email us

Take a photo of yourself holding your poster and email it to COEvents@dpcolo.org and info@accessgallery.org



6

Post and tag us

Post your photo to your Facebook and tag @developmentalpathways and @accessgalleryco

i am _____.

inform.
educate.
empower.

I am more than my disability.
